Work History

2021-11 -
Current

Software Developer

Urban Hive Ltd, Lagos

- Worked with a team of software engineers to create a real-estate web app. Planned functionality of interfaces, operational logic and database structure, from figma mockups.
- Lead Slack meetings for role assignment and creation of user stories (on Jira). Participated in sprints to deliver reusable web components from assigned tasks.
- Conducted training sessions for groups of students (50 total), delivering basics of web development. Structured teaching plans and engaging sessions, successfully registering 10 students on teaching platform.
- Conducted several first stage interviews to assess interviewees' communication, teamwork and enthusiasm.

2020-07 -
2022-11

Software Developer

Bridgeway Microfinance Bank, Lagos

- Spearheaded development of a marketplace application (React.js and Node.js), translating user requirements to functional aspects. Implemented additional features(i.e chat system) to improve user experience.
- Introduced a key formula into the app's logic which accurately distributed profits and discounts between the bank and its customers.**www.bridgewayco-op.com**
- Performed a cost-benefit analysis of different offerings for an intranet solution. Held meetings to assess each provider's offering. Underwent training with the chosen providers, and disseminated this knowledge among company staff, successfully integrating it into company use.

Web Developer

Freelance Work, Lagos

- FLACS SYSTEMS LTD - Discussed user requirements to convert them into well defined specifications for a truck park ticketing system
- Created app using React, Node JS and MongoDB, created developer documentation, and presented it to team members. **www.flacscarpark.herokuapp.com**
- BRIDGEWAY BANK - Designed, Built and hosted a mobile-friendly company website using JQuery and Javascript plugins, also accounting for company's branding. **www.bridgewaymb.com**

Education

2014-10 -
2018-07

Master of Engineering: Mechanical Engineering

Warwick University - Warwickshire, UK
